

VECTORWORKS®  
SERVICE SELECT

### THE LATEST SOFTWARE

With a Vectorworks Service Select membership, you'll receive automatic upgrades to new releases of Vectorworks at no additional charge. And you'll always have access to maintenance releases. Service Select members also have the option to add on-demand licence rentals.

### TRAINING AND SUPPORT

As a Service Select member, you'll receive priority diagnostic technical support for the life of your membership. And, to get you up and running quickly, you'll have unlimited access to our on-demand training portal. You'll also receive a discount on our public schedule of classroom training classes.

### CONTENT LIBRARIES

Your Service Select membership provides you with the best access to exclusive content libraries, textures, and more.

### CLOUD SERVICES

As a Service Select member, you'll receive increased Vectorworks Cloud Services storage capacity, as well as manual or scheduled sheet layer to PDF cloud processing, cloud publishing from the Vectorworks application, and the ability to measure objects in PDF drawings generated on the cloud.

Once enrolled,

COST  
SAVINGS

## VECTORWORKS SERVICE SELECT SAVINGS

Prices are estimated based on purchasing a new perpetual industry series product, such as Vectorworks Architect, Landmark, or Spotlight. The calculations are based on current product prices, with expected price increases over the next 8 years. Prices depicted may not be realised and are not guaranteed.
